PRESIDENT'S DESK

VOLUME XXII

No. 4 Oct., Nov., Dec., 1987

Frank Brazzell 53 So. 20th. St. Terre Haute, In. 47803

Well, the American Numismatic Association Convention in Atlanta, Ga. is now a thing of the past. We can start thinking of our next convention, in Cincinnati, Ohio, Maybe. Things may be a little up in the air on this one. If you have been following the coin papers you know what I am talking about. Anyway, where ever it is, if you made it thru that large building at Atlanta and found your way around you can find your way anywhere. We had a nice group of members show up for the meeting on Friday and I want to thank all those who donated items for the auction. We really had some nice things and received good prices on many of them. Hope you all enjoyed the items you bought. We had about 40 members at the meeting and feel thankful for this nice turnout. The meeting room was nice and I hope all those who made it had a good time.

I personally want to thank all members who sent in ballots for the slate of officers who took over at the meeting in Atlanta. As your new president I hope to be able to do as good as our past president has done. We have had a nice increase in the membership of TEC and feel we have added some new collectors to the hobby. We have had good publicity from the Coin Papers on new issues of Elongated Coins. This helps get new members and if any club is going to survive now days we have to get new blood in it. We hope some of these new members will be our officers of the future. If you have ideas for the club to make things better or more interesting please feel free to drop me a note and let me know. Its your club, you pay your dues to belong so you should have say in the running of it. Send in articles for the Newsletter and let people know what you collect, what you like, and if you need help on something then maybe some club member will have the answer you need. Don't be a stranger. Let us hear from you. Again, thanks for all the help we had at the TEC booth at the show and the meeting. I was glad to meet many new members and see and talk to some of the old ones. Hope you all had a good time.

Frank Brazzell

OFFICERS OF THE ELONGATED COLLECTORS CLUB 1987-88

President - Frank Brazzell 53 So. 20th. St. Terre Haute, IN. 47803	Vice President Tom Armstrong 1501 Akins Drive Chattanooga, TN. 37411

DEADLINE DATES FOR NEXT ISSUE

Deadline for articles and ads is Dec. 15th, 1987. Send at once if you can.

Treasurer's Report

The last statement from 1986 at Milwaukee TEC had a total of \$2952.90

Expenses for 1986 and 1987 are as follows.

Chester Rogers- President

Frank Brazzell Editor

8/25/86 \$66.35 Supplies-Postage
 10/3/86 \$24.40 Postage
 3/27/87 24.40 "
 5/16/87 \$116.35 Plaques awarded at
 ----- meeting
 \$231.50 Total

10/3/86 \$405.89 Newsletter Printing
 1/4/87 \$472.61 Envelopes and
 4/2/87 \$356.92 Copies of
 7/6/87 \$376.43 By-laws Postage

 \$1611.85 Total

Ray Dillard Secretary

10/3/86 \$26.75
 12/11/86 \$18.77 Postage
 3/12/87 \$63.24 Membership cards
 6/30/87 \$31.22 Life Member plaques
 ----- Envelopes & Supplies
 \$139.98 total expense all items

Treasurer Expense \$6.36

A.N.A. Dues \$25.00

A.N.A. Table \$ 45.00 at show

Total expense for the past 2 years show \$2,059.69.

Income for past year listed below.

Dues \$1,527.00
 Donations \$5.00

Advertising \$285.00
 Auction \$117.00

Badges \$596.86
 Reinstatement fees \$20.00

Total income \$2,550.85 Plus the \$2,952.90 from 1986 at Milwaukee makes a total of \$5,503.75 handled. Less expense of \$2,059.69 Leaves \$3,444.06 left in club treasury at this time.

THE ELONGATED COLLECTORS GENERAL MEETING
 ANA CONVENTION, ATLANTA, GEORGIA, FRIDAY
 AUGUST 28, 1987, 10:00 A.M.

At the request of Vice President, Virginia Aldridge, the meeting was opened by Frank Brazzell who read a communication from President, Chester Rogers, expressing regret that he could not be present because of sickness and his best wishes for The Elongated Collectors and all those in attendance. It was explained that he was suffering from a serious case of shingles as a side effect from his Chemo treatments, otherwise he would have been there.

It was announced that the Election Committee had reported that a total of 121 valid ballots had been cast and that the following had been elected to serve for the next two years. President, Frank Brazzell; Vice President, Thomas M. Armstrong; Treasurer, C. J. (Gus) Meccarello; Secretary, Raymond W. Dillard; Board of Directors, Virginia S. Aldridge, Steve Penzes, and Argentina Kamens.

Minutes of the 1986 meeting were read and approved.

It was announced that the By-Laws had been revised as directed at the 1986 meeting to cover: granting of Life Membership to all past Presidents of TEC; provide for delinquent members desiring reinstatement to their original membership number to do so by paying dues for the current year plus a \$10.00 penalty for the privilege rather than paying all back dues as before; delete the section of our By-Laws that did not allow a member to quit; add an article dis-allowing write-in votes on election of officers; and provide the President with more definite guide lines on dollar allowance and awards that he may or should make.

(See Next Page)

The Elongated Collectors General Meeting

ANA Convention, Atlanta, Ga. (Continued) It was commented that all of the above had been covered in the revisions except dollar allowances on awards. Additionally, provisions for Honorary and Youth memberships were created (no charge for Honorary members and \$2.00 per year for Youth members). A Dissolution clause was, also, added and other minor changes for fine-tuning and up-dating were incorporated. It was announced that the Board of Directors had reviewed the revisions and recommended approval to the members present. A motion for approval was received, supported and carried by a show of hands, without opposition.

The Treasurers report was made by Sally Kirka indicating a total of \$3,444.06. She presented President Frank Brazzell with a certified check for that amount to be turned over to the new Treasurer.

A discussion regarding dues followed with a conclusion that even though expenses per member were greater than the current \$5.00 dues, that considering the current balance in our treasury that an increase was not necessary at this time. However, it was pointed out that with increasing membership and losing money on each member, along with increasing postal and other costs, that it was something that must be watched very closely. It was suggested from the floor that sustaining fees should be solicited from members that can afford it before a dues increase is recommended. (Increased donations would certainly be welcome).

Another comment from the floor was the consideration of pro-rating the dues for mid-year memberships. The Secretary contended that it would be too complicated to maintain and that he was currently following the practice of applying dues payment to the following year for those joining in November and December. No change from this practice was recommended.

The new officers were recognized and introduced and the President announced awards and presented plaques to the following officers: Chester Rogers, Sally Kirka, Ginnie Aldridge, and Ray Dillard. Also, a Literary award went to Vance Fowler and the President's award to Argentina Kamens.

The President then asked those present to introduce themselves and it was found that a total of 35 were present, including many old timers, new members, ANA dignitaries and other visitors.

There being no further business the President announced that we would proceed with the auction and that he would act as auctioneer. Bids totaling \$124.50 were obtained on 24 lots donated by Herman Roper, Bert Samsa, Frank Spadone, Leon Simmons, Steve Petro, Henry Bessler, Walter Riley, Don Wilkenson, Alice Stencil, Louis Lowry, Chester Rogers and Frank Brazzell. To this \$9.00 was, also, donated by Frank Brazzell on the sale of Christmas Cards with Elongated Coins attached. This made a grand total of \$133.50 to be added to the Club treasury.

It was announced that the 1987 TEC badges were available for pick-up and the meeting was adjourned.

Packets of Elongated Coins were passed out to all in attendance and friendly visitation followed with members introducing themselves and some renewed old acquaintances.

Respectfully submitted,
R.W. Dillard, Secretary

Enclosed this issue is an older Christmas Elongated Cent. Hope you enjoy this and it will be a nice addition to your Collection. Thanks to all those who have donated coins the past 2 years to be given to members thru the Newsletter.

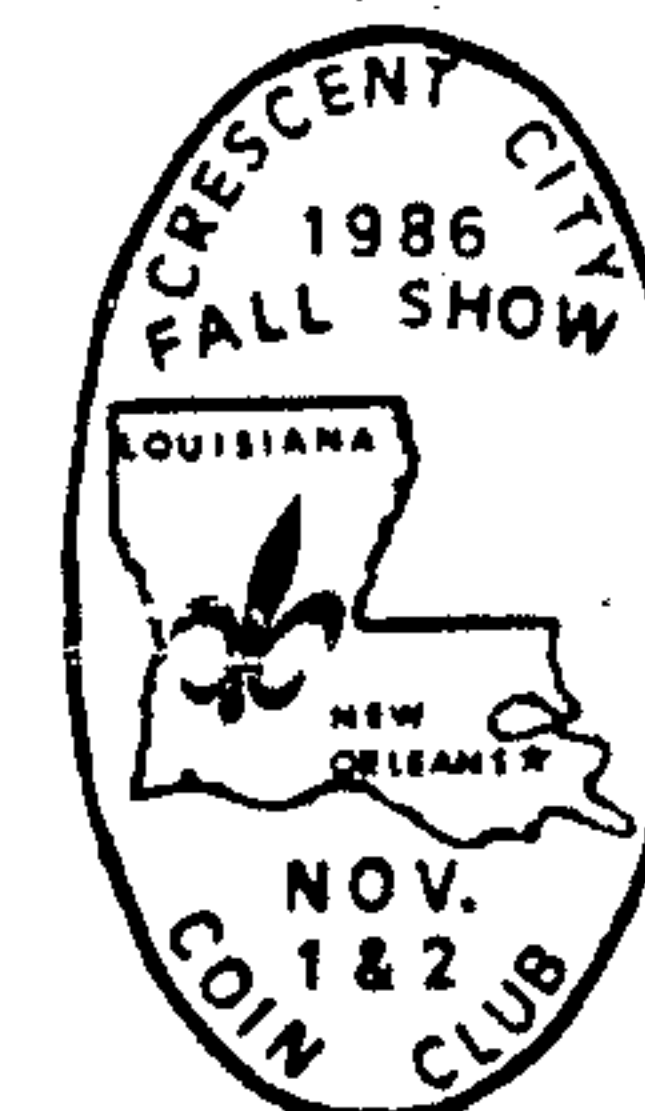

The Crescent City Coin Club was incorporated in 1962 and has been annually sponsoring coin shows since then. The Crescent City Coin Club was the host club for ANA Conventions held in New Orleans in 1972 and again in 1981.

Upon the occasion of the Crescent City Coin Club November 1986 show, an elongated coin was designed, rolled, and presented to all those attending that show. The reception of this first elongated coin was so great that a second coin has been made for the club's 25th Anniversary year. The 25th Anniversary coin has been rolled on a 1962 cent and will be presented to all attending the October 17-18, 1987 show. A limited number of 1962 BU dimes have also been rolled for the club members and for sale at the show.

The Crescent City Coin Club elongated coins highlights the outline of the state of Louisiana and the city of New Orleans. The Fleur-de-lis logo is on both coins with the 25th Anniversary coin showing the Fleur-de-lis capped with a crescent to connote the New Orleans title "The Crescent City".

The pair of cent coins are available for \$1.00. Send requests and \$1.00 to Don A. Wilkinson, 5700 Flagler Street, Metairie, Louisiana, 70003.

IT'S A SMALL WORLD - ISN'T IT?

On your map of the U.S. just about where the space center is in Florida you will find a small town called Frontenac. Now look at the West Coast and in Oregon you will find Salem, the capital, about 50 miles from the coast. Five miles north of Salem you will find a small town called Brooks. Why am I telling you this? Because, in Brooks the last weekend of July and the first weekend of August they hold what is called, "Antique Powerland". They gather old - very old tractors and power equipment. Some reconditioned to look new. Grown men and women look and play with them by the hour. Some of these old steam tractors remind one of the engines that use to pull trains across our country. They are huge! (You with me so far)

At the Powerland they also have a tiny Flea Market where I set up my Elongated Penny Machine. One reason is that I live in Salem and can go home each night and another is that the people are great. I can leave my coins on display and not have the least concern that they might disappear. I have four dies of Tractors, plus a 1919 Gas Engine and a 1931 Model "A" Ford. These along with my other dies sell very well.

Now that I have the stage set for you I will tell you why I think it is a small world and why the geography lesson.

While talking to the customers a distinguished looking gentleman in a trim Van Dyke beard shocked me with, "Weren't you in Florida a few years ago with your machine?" When I composed myself we talked about the Flea Market in Frontenac. Both agreeing it was a huge place composed of a group of buildings connected with covered walkways with booths on both sides of each walkway and in each building. As is needed in Florida, everything was open to the breezes. (When there were some) Distracted by another customer, I returned to talk more with my friend only to see him walking away. I wanted to know more about how, when, where and why because our first visit took place 3,000 miles and over 7 YEARS AGO!

Roy S. Fowler, Sr.
4048 Penticton Circle NE.
Salem, OR. 97305

I had a conversation with a fellow this past week and we explored the motive behind the many elongated coins that are made today. I related to him how I first became interested in elongates and how I came up with the idea for my ELONG-COIN-CARDS.TM What was my motive ?? Well I had been a coin collector for a good many years and I saw what was happening to the market when the investors began to show up for as you know "PROFIT". That was their motive and look what happened to the hobby. Of course the many respectable and reputable dealers throughout the country are entitled to make a profit as they are in business and make their living that way. With the investors pushing the market prices higher and higher I could see the hobby slipping away from the youngsters choosing it as their hobby. I thought what could I do to entice those youngsters and of course the many adults into collecting elongated coins as a numismatic hobby. Yes, I say elongates are a numismatic hobby regardless of all those that refer to them as tokens, novelties etc. I still say they are a genuine numismatic collectable and I'm sure I am not alone in that respect.

I decided that by becoming a "roller" and with my idea for the ELONG-COIN-CARDSTM I could create a collecting experience along with a learning experience and hope to capture and nourish those youngsters and adults into collecting elongated coins. I started with historical things and mounted them on my ELONG-COIN-CARDSTM with art work and biographical information about the particular item.

I had shown a close friend, who is a coin dealer, my idea and without a doubt or a long time to think about it he said WOW what an idea and gave me the encouragement to continue with the project. There were many obstacles to overcome and I finally, after much time, effort and research came up with a really quality item that I am very proud of, my original and exclusive ELONG-COIN-CARD.TM

After my first release I received many comments praising what I had to offer the collectors of elongates and the only sad comments, and I call them sad comments, were couldn't I sell them any cheaper than the \$2.00 price. My answer to that was Yes, I could sell them for less if they were mass produced in the many thousands, but then the collectors wouldn't want them because there would probably not be a chance for them to increase in value - therefore the motive of those who wanted them cheaper - yes, you guessed it, that old word again - PROFIT.

Well now, profit was not my motive, so I continue with my ELONG-COIN-CARDSTM at the same \$2.00 price, the same motive of creating a quality piece that could, and would be appreciated by the true collectors of elongates and happily, hopefully attract those youngsters and adults that would like to collect and enjoy a most interesting hobby.

I still have several dies that I have not rolled as yet due to health reasons and time, but hopefully in the very near future I will again be able to offer you those new issues. I have just been released from the hospital after some major surgery but am doing pretty good and hopefully I can start "rolling" again. In the meantime I will still promote the collecting of elongates as I have in the past and try to encourage those that do collect to look at the history, the art, the fun of collecting elongates. Set aside the thought of the PROFIT MOTIVE and enjoy the experience. Just remember in time there will be many elongates that will increase in value the same way many coins have increased over the years. Who knows which ones they will be but look at all the fun you can have in the meantime. My coin collection has been locked up in a safe deposit box for years but my elongates are here at home with me to enjoy. How about you ???

A few new Elongated dies engraved by Frank Brazzell for customers.

Over-all our organization had an outstanding convention. Good meetings, good auction, sold, delivered and collected payment for many 1987 TEC badges and signed up 14 new members. Our booth was by far the most active of any in the club section of tables. We handed out several hundred copies of a special ANA convention issue of TEC news along with several thousand Elongated Coins, most of which were donated by Jack Pryor, Frank Brazzell, Chester Rogers, Don Wilkenson and myself. My personal thanks go to all who donated coins and assisted in attending at the Club table, answered many questions and generally promoted the collection of Elongated Coins. I hesitate to name names but I must mention Bob Dempsey. He is a long time member with unbounded energy and a fascinating personality. He attends most conventions and is on the go most of the time. He never works at our table but he keeps bringing friends and acquaintances to us to introduce them to Elongated Coins. He is truly a Roving Ambassador and is responsible for signing up many new members.

Thanks, also, to Bert Samsa for his eye-catching display of Elongated Coins that he has for sale. It prompted many questions and complimentary remarks. He certainly is doing some outstanding work in the line of painting and enameling his coins. I hope that his display results in some sales for him.

Also, thanks to Gus Meccarello for making it possible to have so many rare Elongated Coins available for our members to see and buy at one club table, even though very few sales were made.

I am pleased to report that our membership now stands at 293 compared to 180 when Chester Rogers took over as president just two years ago. That represents a gain of 113 members or a 63% increase. Thanks Chester for an outstanding job. You certainly set a fine example for Frank to follow.

Attendance at our business meeting included such dignitaries as Florence Schook, president of the ANA; Ken Hallenbeck, the ANA vice president elect; John Jay Pittman, past president of the ANA and current Board of Governor elect; Nancy Wilson, Board of Governor elect; Ruth Ann Brettell, the Executive Director of the ANA and Louis H. "Scoop" Lowry, president of The Canadian Numismatic Association. All of the above except John Pittman and Nancy Wilson are members of TEC. Even though none of them are any more important than our other members, it is gratifying to know that such busy and influential people are interested in our organization.

Three of our members received special recognition at the convention by the ANA. Joseph Clark, Mae Clark and Purnie Moore were each presented with a Medal of Merit for outstanding contributions to Numismatics. I, along with other members of TEC, extend our congratulations to these distinguished individuals. We are, also, proud of Tom and Ruth Armstrong who served the convention as co-chairpersons of the Exhibits Committee.

As far as we know there were 12 different Elongated Coins issued commemorating the convention plus the official TEC badge. By the way there were 100 badges issued this year and all except 5 of them have been sold. The remaining 5 are still available as long as they last and then there will be no more. The Die has been cancelled. All badges have been delivered. If you didn't get one, act fast. I, also, still have 6- 1984 badges available at the issue price of \$5.00. How that happened is too complicated to explain!

I wish to apologize to many old friends and acquaintances for not having the time to visit with them as much as I would have liked to. I hope that they realize that the duties of secretary are quite demanding at times. I hear that it was a good convention, but I really didn't see much of it.

Best wishes to Chester Rogers, Bill LaFond and other members who are suffering poor health.

Sincerely,
Ray Dillard, Secretary

Our Sympathy to the Family!!

Sorry to hear of the passing of a couple members or past members of T.E.C.
Received word that Niles Gerboth of Grants Pass, Or. passed away on July 19th.
Also received word that Lancelot Frederick Achilli of Poughkeepsie, N.Y.
passed away on Sept. 2nd. Sorry to hear of this sad event.

Just received word from Doug Fairbanks Sr. that his new "Fixed Price List" is
complete and at the printers. The new "Unlisted Booklet" is about 80% complete
typed up for the printers. Should be ready soon. Anyone wanting to get
either of these items should write: Doug Fairbanks Sr. 5937 Beadle Dr.
Jamesville, N.Y. 13078

Terre Haute, IN. 47803. Order early. Rolled on 1987 cents.

THE UNLISTED C.P. 119
BY JOHN G. SPADONE

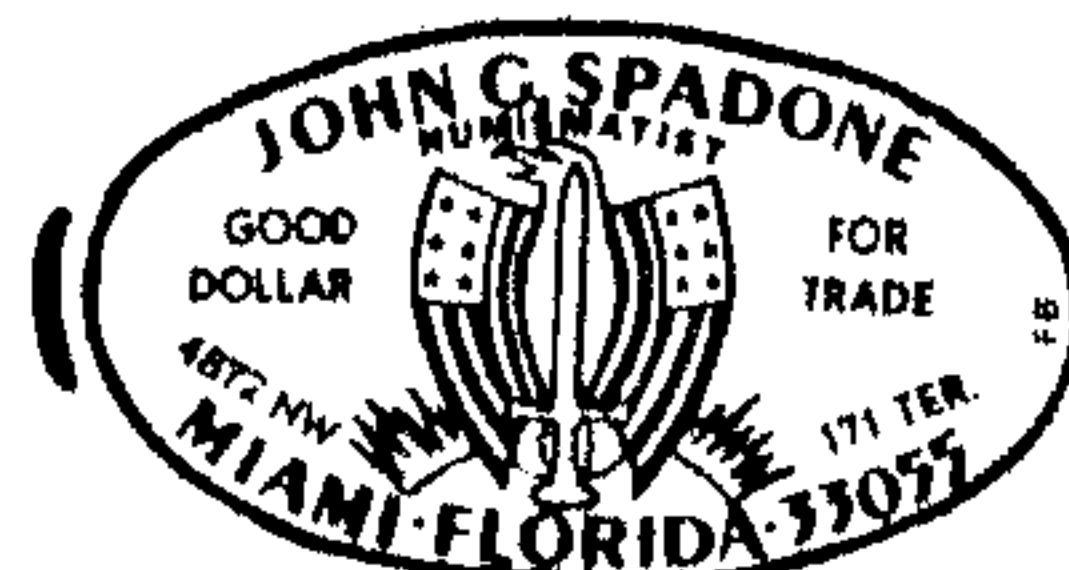

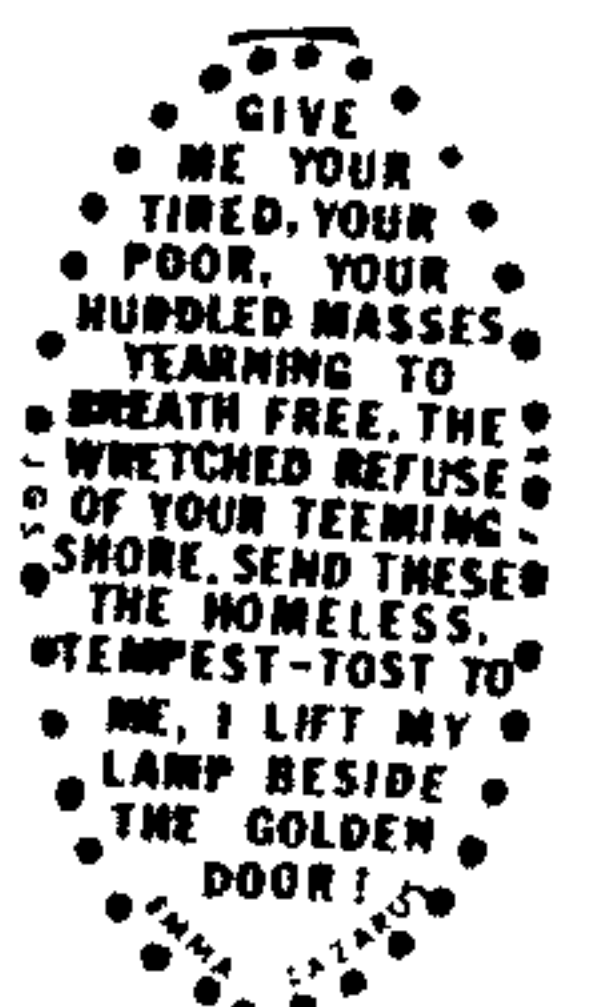

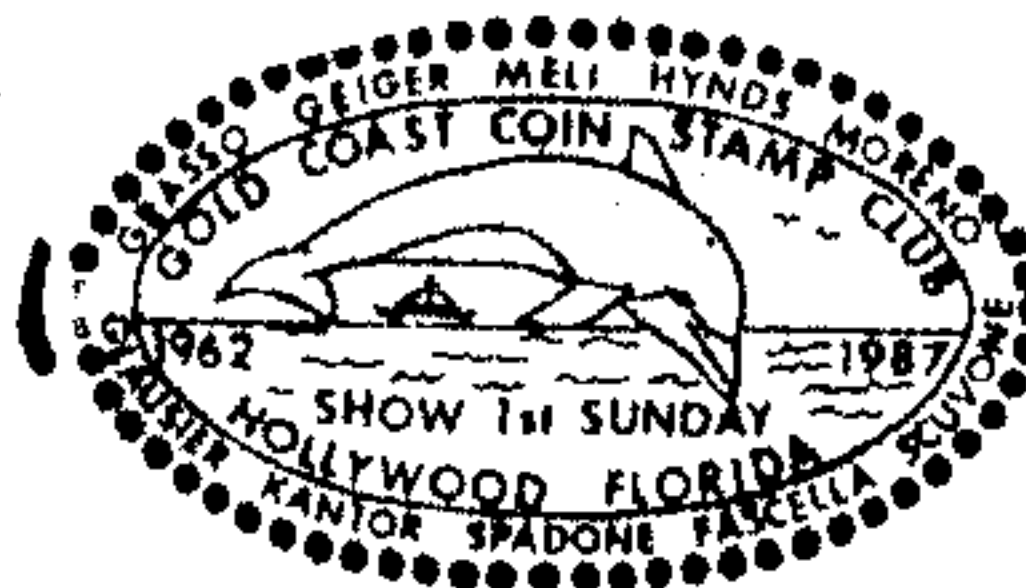

The other day I picked up an old Journal that contained an Exonumist Catalog of "A Century of Progress" and it contained a group or list of 28 Elongates of the 1933-34 Chicago World's Fair. The list is as follows: C.P. 100 - Travel & Transport Bldg. 1933, C.P. 101 - Travel Bldg. 1933 Above Chicago World Fair at left 19 at right 33, C.P. 101A - Travel Bldg. Above World's Fair Chicago (No date at sides), C.P. 102 - Hall of Science 1934, C.P. 103 - Electrical Bldg. 1934, C.P. 104 - Federal Bldg. 1933, C.P. 105 - Illinois Bldg. 1933, C.P. 106 - Old Heidelberg 1934, C.P. 107 - Indian Village-Head of Indian- No date, C.P. 108 - Indian Village-Scene of Village 1933, C.P. 109 - Fort Dearborn 1933, C.P. 110 - Hollywood 1933, C.P. 111 - Morocco 1933, C.P. 112 - Lama Temple 1934, C.P. 113 - Streets of Paris 1933, C.P. 114 - Symbol of Fair 1934, C.P. 115 - Skyride-No Title-Above 1933 World's Fair, C.P. 115A Skyride-Above Century of Progress. Below Chicago 1933, C.P. 116 - Skyride Title 1933, C.P. 117 - Skyway and Observation Towers 1933, C.P. 118 - Scene of Exposition Grounds 1933, C.P. 119 - Cent rolled only at sides showing Lincoln Head in center, 19 - 33 - Airplane and Balloon, C.P. 120 - Sally Rand - Streets of Paris 1933 (Silvered), C.P. 121 - Lord's Prayer on rolled cent which is affixed to printed leaflet. These were distributed at Fair by Moody Bible Institute, C.P. 122 - Rolled cent with facing bust of Franklin Roosevelt. Shield to left and right. Inscription: World's Fair 1933 President Roosevelt, C.P. 123 - Rolled cent inscription: The Train of Tomorrow World's Fair Chicago 1934. In center: Union Pacific Diesel Train, C.P. 124 - Rolled cent Ford Exhibit, C.P. 125 - Rolled cent - General Motors.

Looking at this list, most of the Elongates can be located in "Yesterday's Elongateds" by Martin & Dow; some can be assumed with all the varieties. The C.P. 118 Scene of the Exposition Grounds 1933 is questionable? C.P. 119 is not listed and unknown to me. I could only imagine that the 19 - 33- could be on the left side and the airplane and balloon on the right side with obverse of Lincoln untouched. It would be appreciated by readers to hear any further information on these two Elongates. The C.P. 121 Lord's Prayer could be C PIE 38A but the interesting fact is to know that this Elongated was distributed by Moody Bible Institute. Also of interest is C.P. 123 that the "Train of Tomorrow" was the Union Pacific Diesel Train.

The Chicago World's Fair 1933-1934 known as C PIE has 112 Elongates including varieties, and that appears or indicates that Elongated Coins were most popular at that time. I believe that there are more unlisted Elongates of that Fair and they will surface when readers collectors etc. research all World's Fair literature, books, newspapers, catalogs, sales, stories, articles etc. I would like to see Elongated collectors research for their hobby and contribute the interesting facts. Happy Hunting!

Below are a few Elongateds available from Me.

John Spadone, 4872 NW 171 Terr., Miami, Fl. 33055- 50¢ ea. plus S.A.S.E.
